Label CQA-BOT UtilityBar

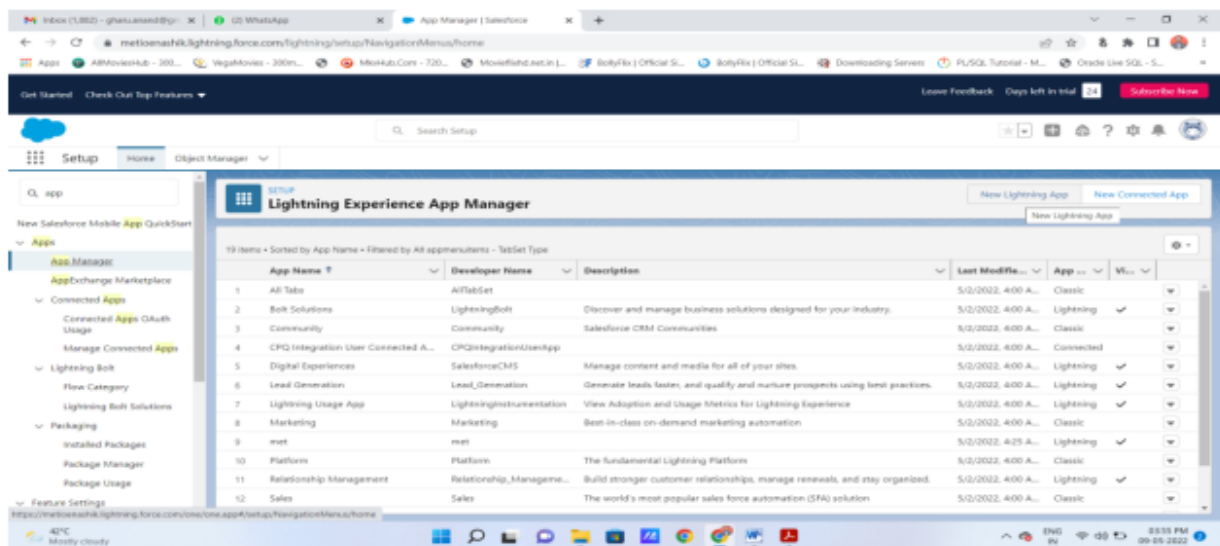

OR.....another application

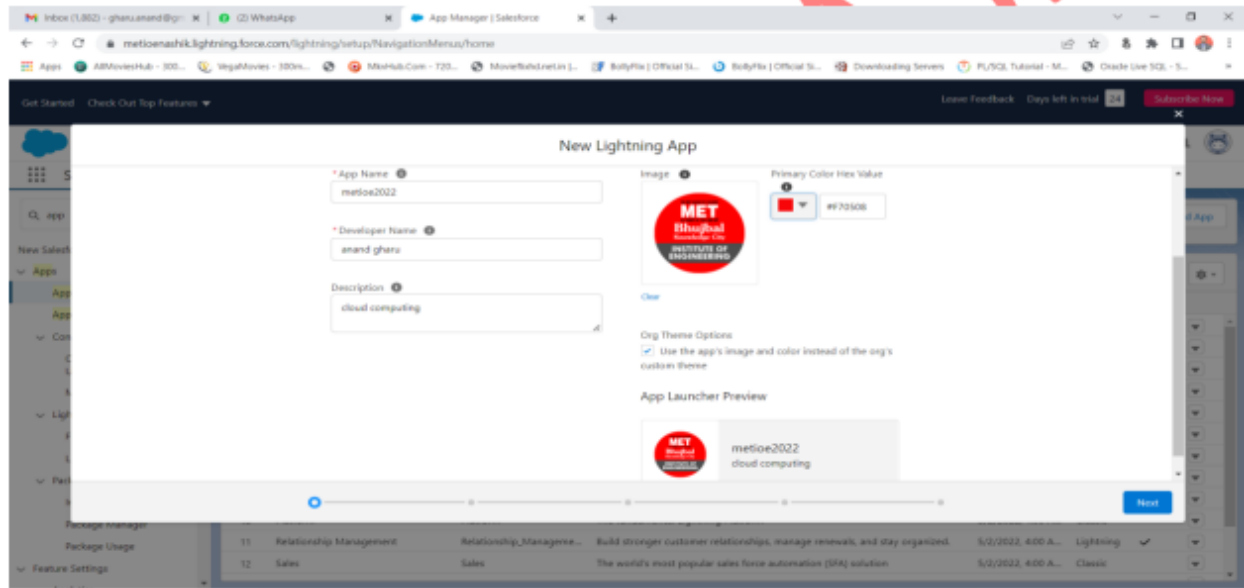

1. . Open salesforce in Lightning Experience

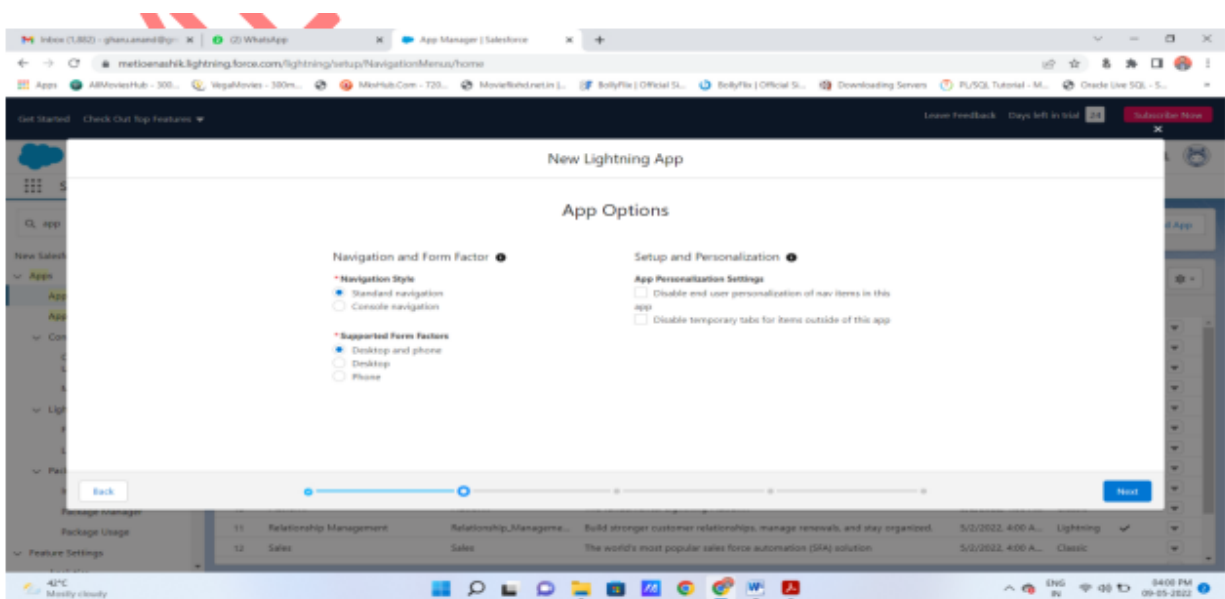

2. Open App Launcher View all (Quick Search App Manager) Click on New Lightning App

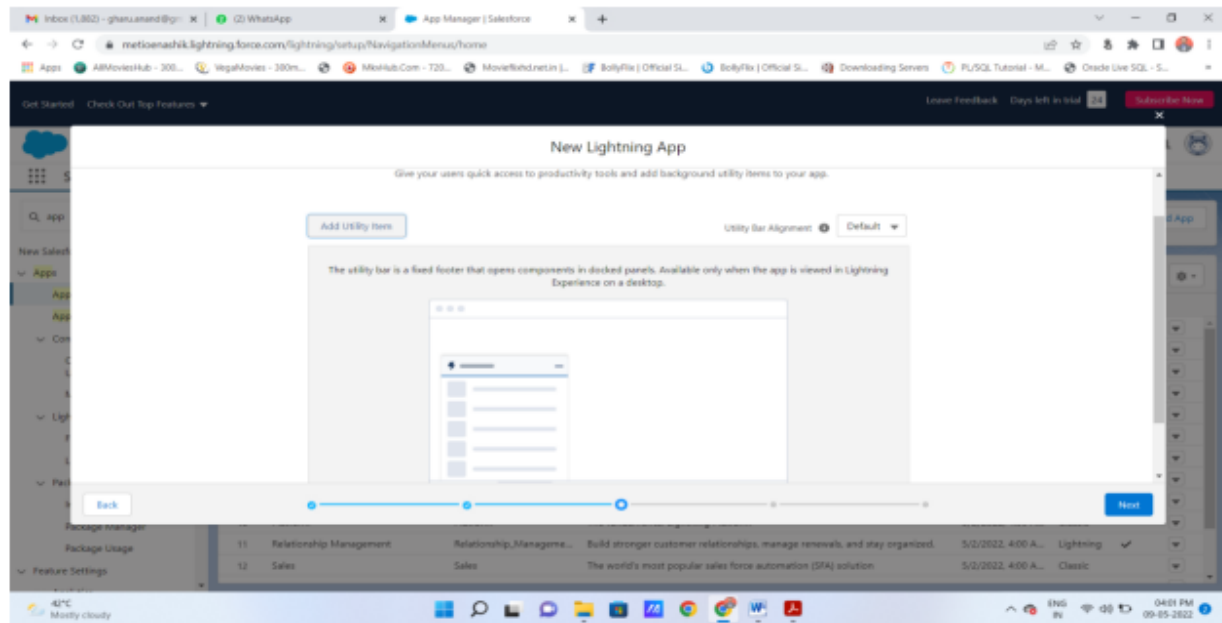

3. fill the mention information in new lightning app : then next

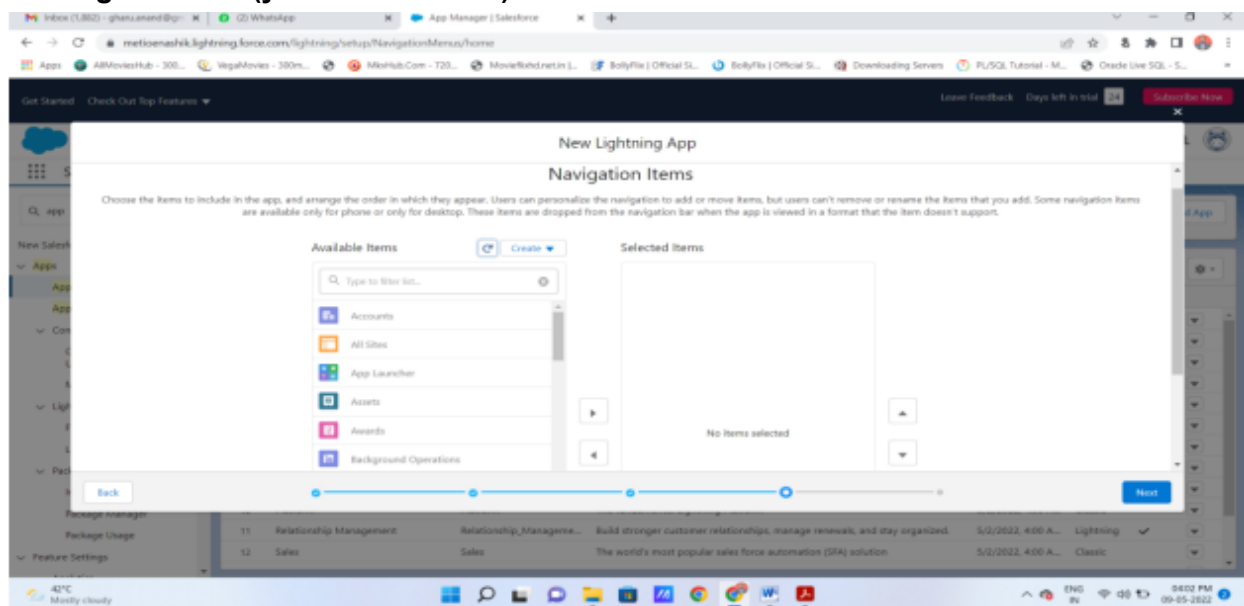

4. App option(optional) Next

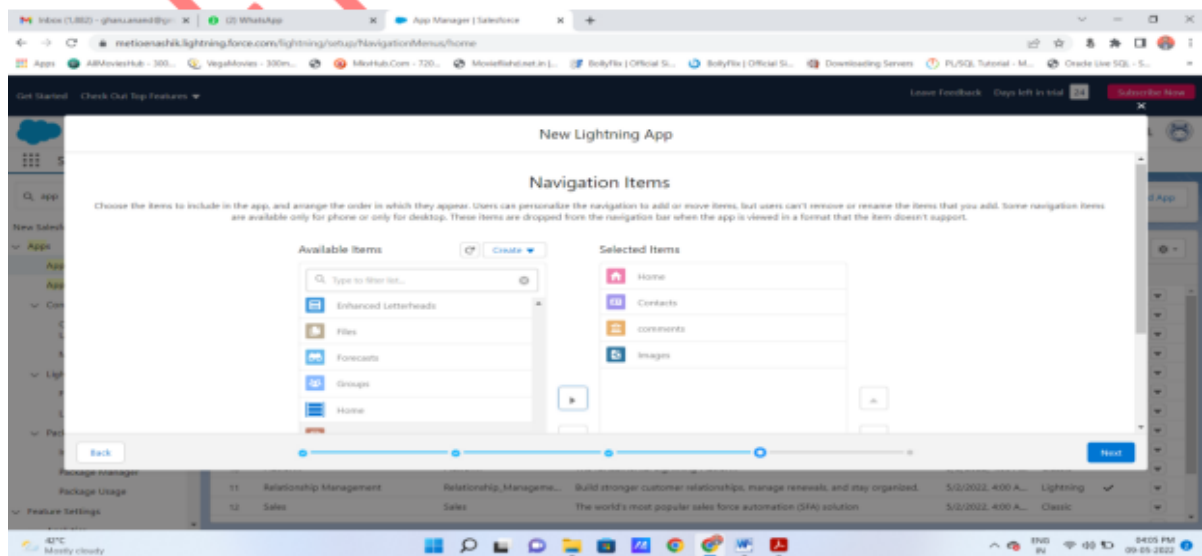

5. Add Utility (optoinal) Next .

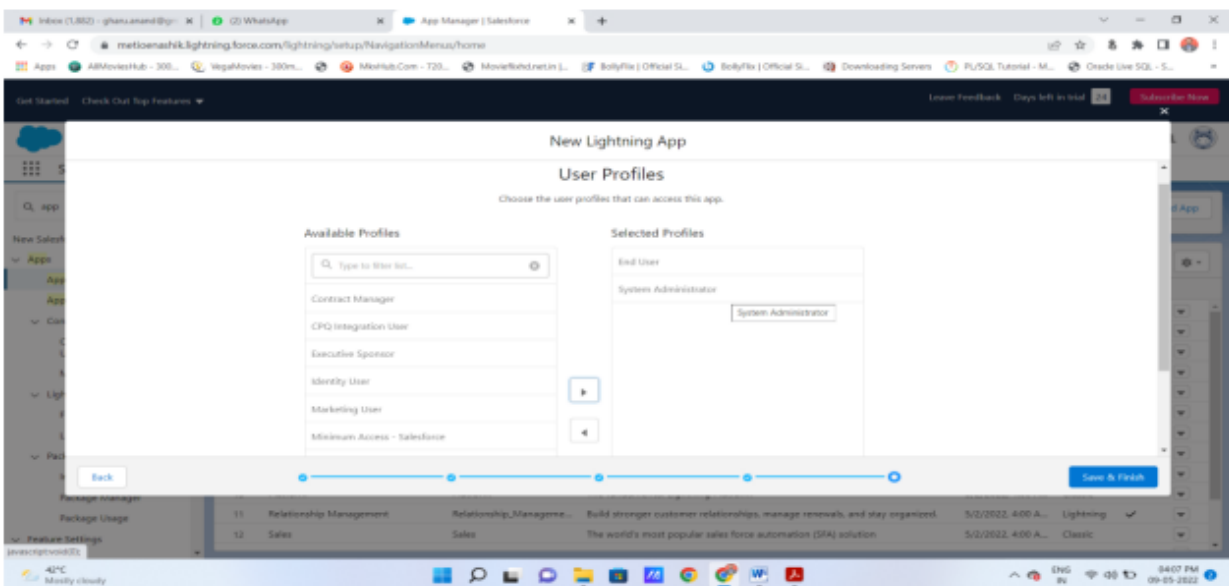

6. Navigation Item(you can add item) Next

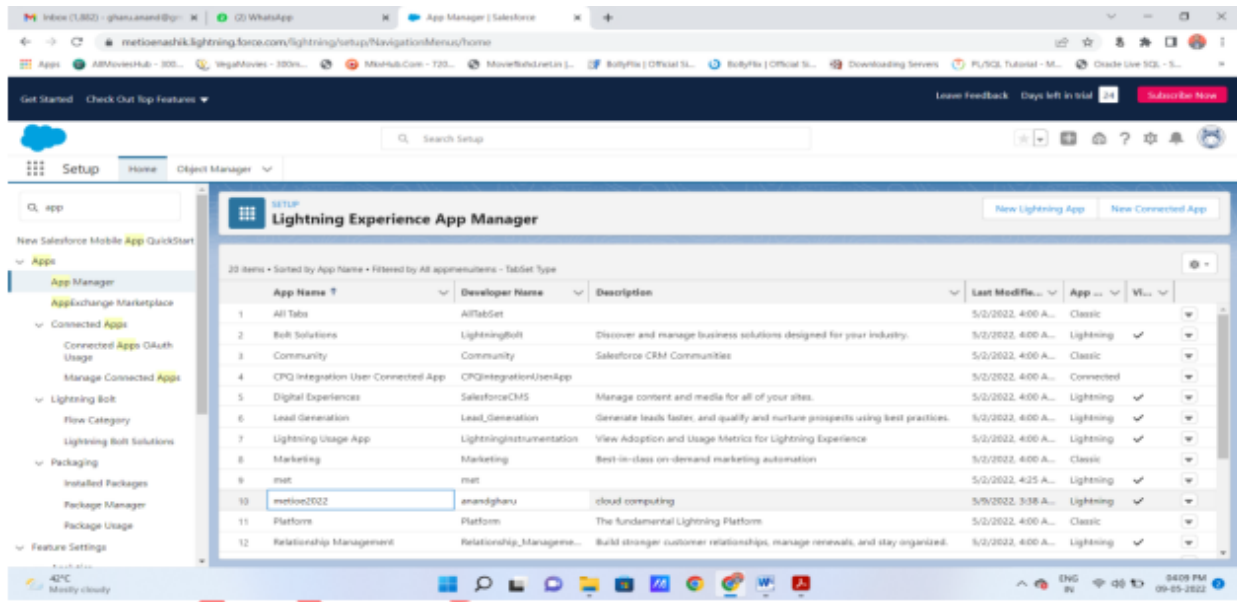

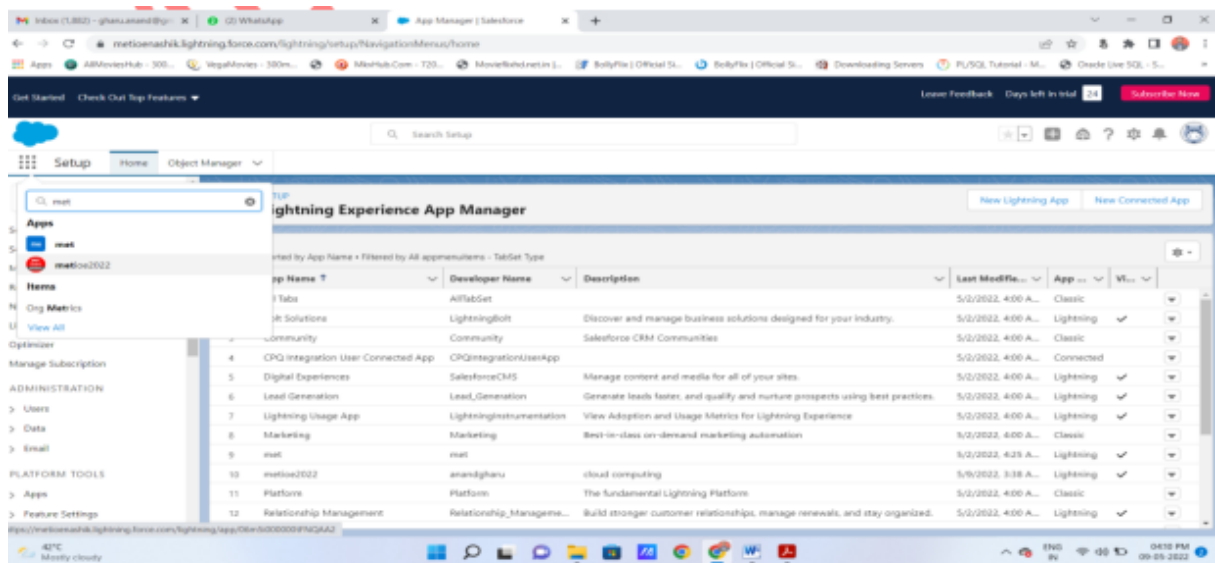

7. User Profile(use the user profile that can access this app) Save and Finish

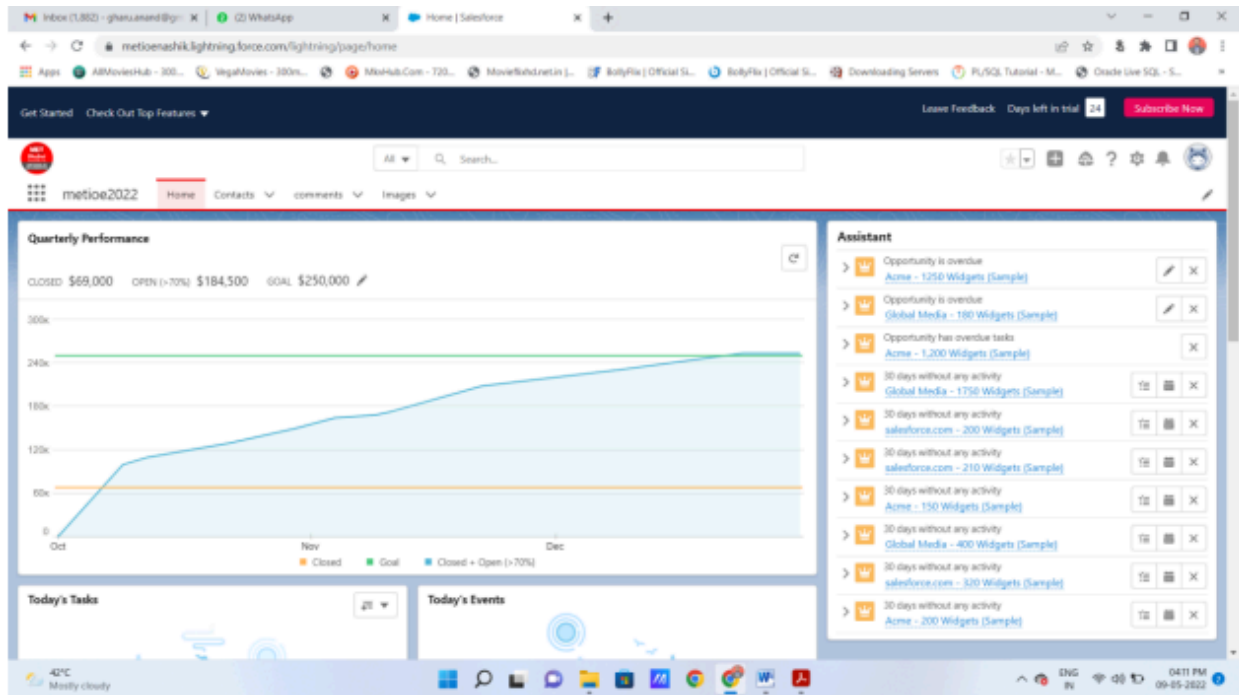

8. You will get Lightning Experience App Manager Window(here, you can see your application)

9. Search Your App by its name in App Launcher just by entering some character, you can see app name with its logo Click on App you can see your application appearance in window Output.

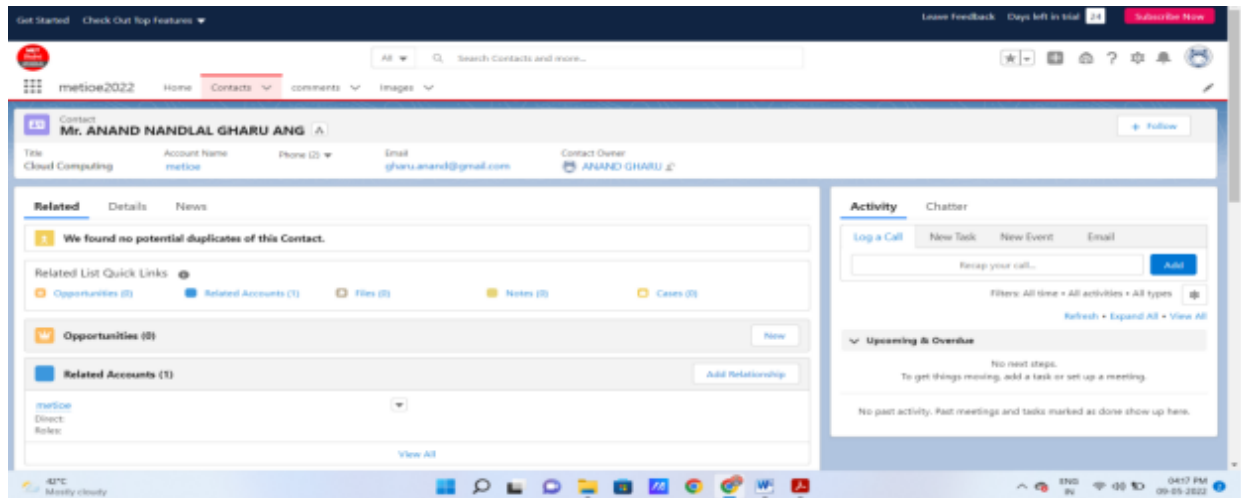

Output : You can see your application here....

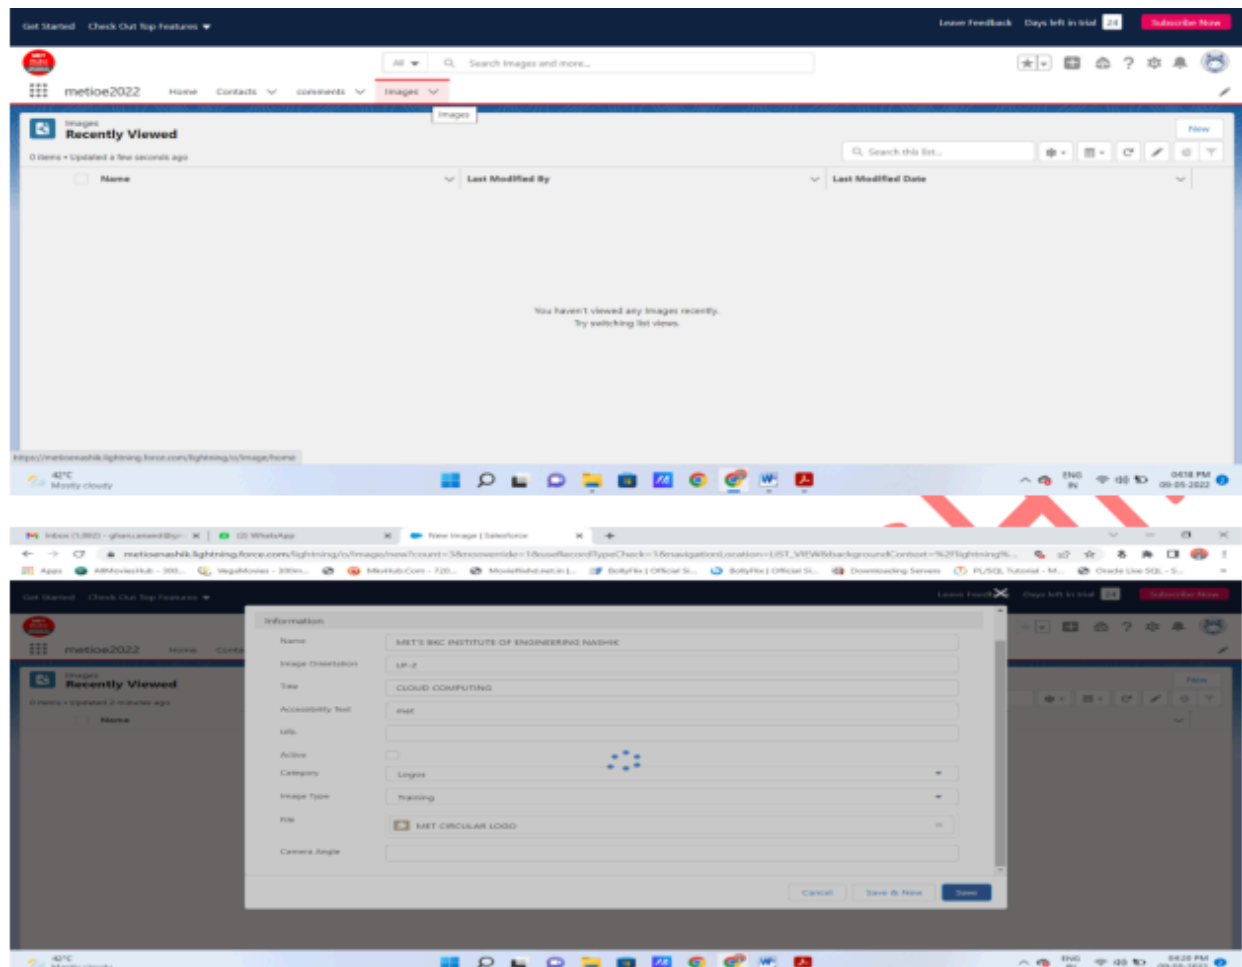

10. You can add new contact in your application :

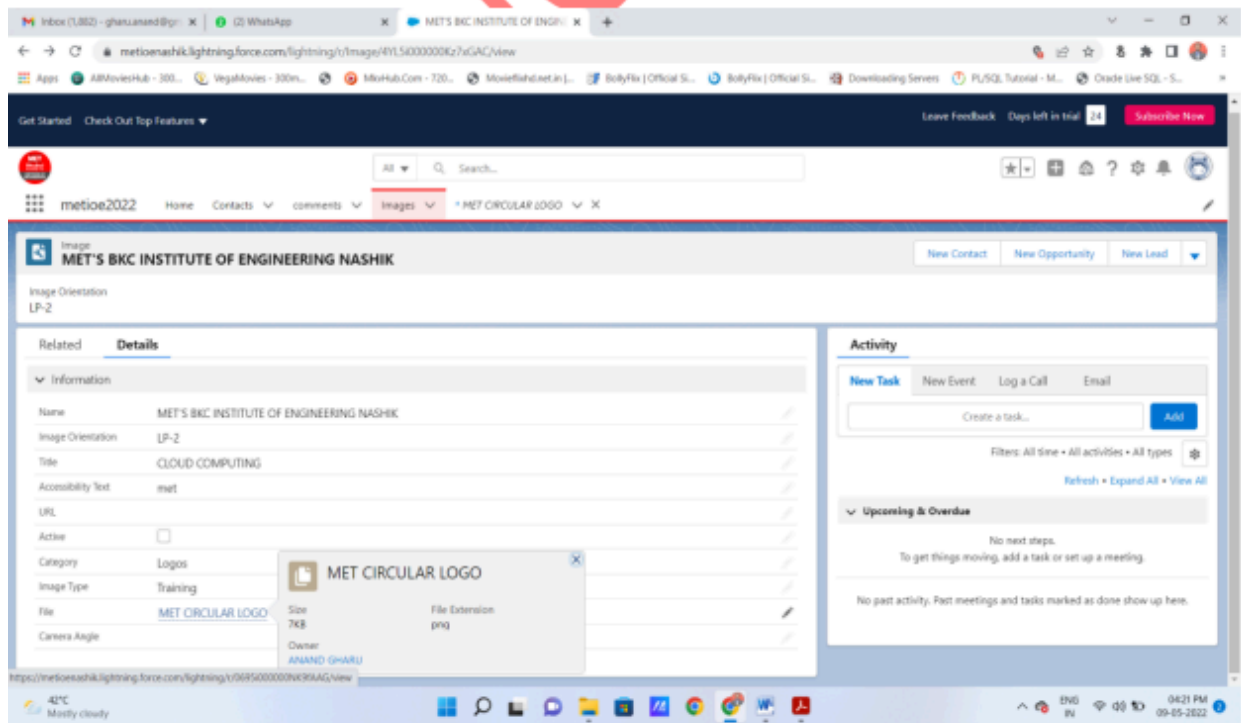

The screenshot shows the 'New Contact' form in the Salesforce Lightning interface. The form is titled 'New Contact' and is divided into two main sections: 'Contact Information' and 'Contact Owner'. The 'Contact Information' section includes fields for 'Name' (with sub-fields for First Name, Middle Name, Last Name, and Suffix), 'Account Name', and 'Title'. The 'Contact Owner' section includes a dropdown for 'Contact Owner' (currently set to 'ANAND GHARU'), a 'Reports To' field, and a 'Department' field (currently set to 'Computer Engineering'). The form also has 'Cancel', 'Save As New', and 'Save' buttons at the bottom. The background shows the Salesforce Lightning page home with a 'Recently Viewed' list on the left.

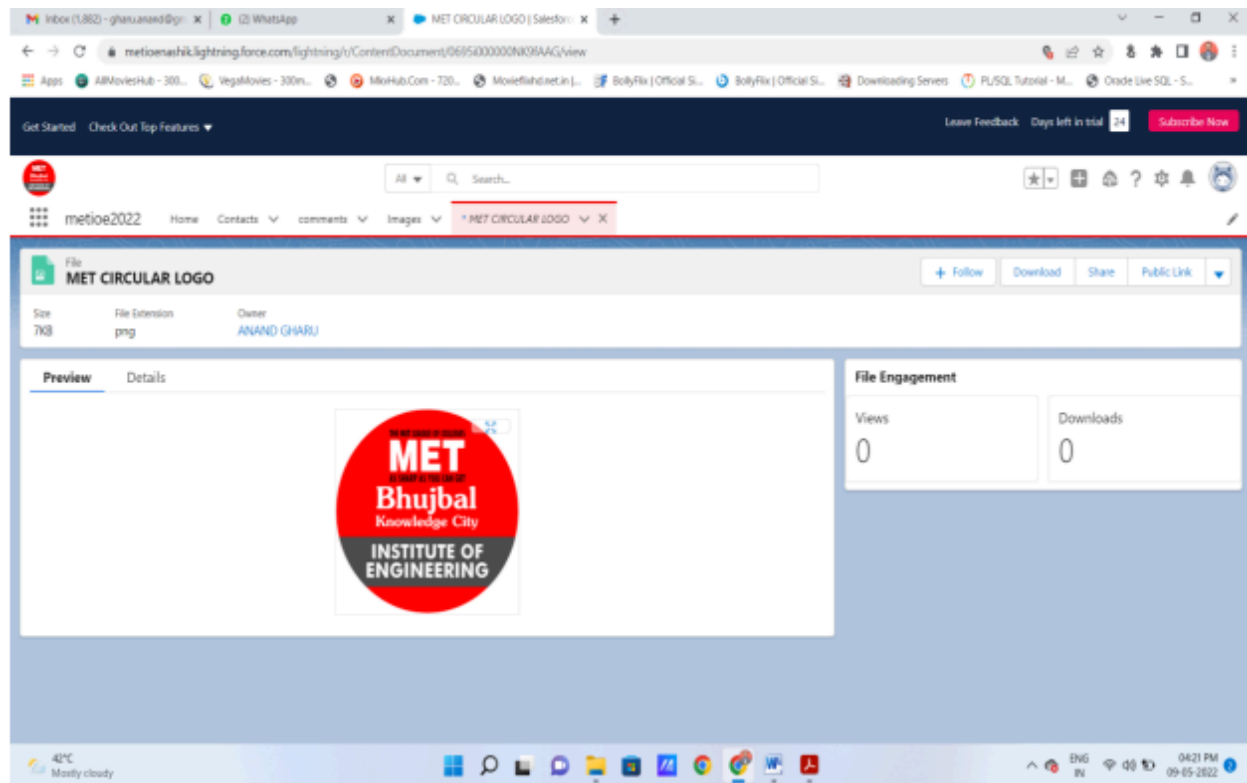

11. You can add images also :

You can see here that image is added as MET Circular logo(its image file name) :

You can see actual image by clicking on link :

You mini project application get created

Note : you can add navigations, utilities , profiles as per your requirements for your mini project application
